PLASTIC LID

Part Number: PHLID 36 X 38 (1/2 & 3/4 yard models)
PHLID 36 X 49 (1 yard models)
PHLID 36 X 59 (1 1/2 & 2 yard models)

Description: Keeps the contents of the box protected from the harsh weather elements . Constructed from heavy-duty polyethylene material, these double wall lids are lightweight and easy to open. The top of the lid includes a crown for water drainage, and a ribbed design for exceptional strength. This option is factory installed when ordered with the rotator box. May also be easily field installed.

NOTE: Plastic lids are only available on the durable & rugged model rotator boxes.
